#### AT A SEWING SOCIETY.

Lady Gets Funny on a Harmless (?) Drink.

"Our Sewing Society meets every week to sew, and we always have lunch. Just as surd as I take a cup of coffee I act so silly and say such absurd things it seems as though I were intoxicated. I feel so ashamed of myself, but cannot help it. My heart will go like a triphammer and I am invariably kept awake half of that night. So I thought I would take my Postum Food Coffee the next time and you should have heard the names they called should have heard the names they called

Postum Food Coffee the next time and you should have heard the names they called me, 'old maid,' 'crank,' etc. But before the lunch was through, Postum had more than one convert and those who tried it were delighted. They had heard of it, but had no idea it was so good.

"I have given a great deal of Postum away to friends, just to convince them how good it is, and they invariably adopt it. There are so many people who cannot drink coffee without it distressing them and Postum Food Coffee seems to be exactly the thing. Postum and I have been old friends for years I began the use of it when it was first introduced, four or five years ago. At first I thought I could not use it, for the way I made it, it was so aft and tasteless, but when I found out that it simply required long boilling, the old trouble disappeared and we always have an elegant oup of coffee, when we make Postum reprint." Bend postal card to Postum Cercal Co., Ltd., Battle Creek, Mich., for the name and address. Put a small plece of butter the size of two peas in the pot, to prevent it boiling over.

I spent hundreds of dollars on doctors and medicines; some would give temporary relief and others dollars on doctors and medicines; some would give temporary relief and others none whatever. I decided to try Warner's Safe Cure as a last resort and wish I had followed the advice of frends sooner. It was the only thing that helped me, and in less than four months it had made a new woman out of me. I am entirely well and I give all the praise to Warner's Safe Cure."
